SUMMARY

A senior software engineer with over 4.5 years of experience in frontend javascript frameworks (React, Next, React Native) and assistive experience as a backend dev with Nodejs and Nestjs

EXPERIENCE

DevCruX Solutions Pvt Ltd - Islamabad, Pakistan - **Remote**

January 2025 - Present

- Built and maintained backend integration for D2L (LMS system) using NestJS, automating data extraction from APIs and datasets with scheduled cron jobs, and securely storing records via Microsoft Azure Data Factory.
- Developed robust RESTful APIs to enable seamless data access and management, ensuring high system reliability through thorough testing, debugging, and error handling.

Metaklouds Pvt Ltd - Nowshera, Pakistan - **Remote**

November 2022 - December 2024

- Developed healthcare study apps for IQVIA clients including GSK, ARC DTP, and Boston University, contributing to core features, performing code reviews, and driving continuous product improvements.
- Built and launched Intralign, an AI management tool for managers using modern React.js tools; collaborated on key features and supported project management tasks as needed.
- Created the Vapi Agent application with Supabase and Next.js, delivering dashboard analytics for managing clients and developers efficiently.

LithiumTech Pvt Ltd - Islamabad, Pakistan - **Remote**

February 2022 - October 2022

- Contributed to Striver, an abuse-free social media platform built by footballers for fans, by fixing critical issues such as notification bugs, audio control glitches, and performance bottlenecks; enhanced UX/UI through rapid iterations, testing, and optimization.
- Led development and debugging for the goNDA React Native application, resolving major blockers affecting core functionality, streamlining authentication and NDA signing workflows, and mentoring junior developers to boost team efficiency and code quality.

Reactive Space Pvt Ltd - Islamabad, Pakistan - **On-Site**

November 2021 - January 2022

- Developed a React Native app with wallet functionality, enabling users to send and receive transactions via wallet addresses, and integrated secure backend services with transaction processing.

Tecfolk SMC Pvt Ltd - Islamabad, Pakistan - **On-Site**

November 2020 - October 2021

- Spearheaded the development of the TecGym mobile app using React Native, delivering core features like slot booking, fee management, profile handling, and real-time notifications to streamline gym and fitness center operations.
- Pioneered QA efforts across TecGym's backend and frontend portals, identifying anomalies, fixing critical bugs, and ensuring smooth deployment and system reliability.
- Contributed as a testing engineer on the TeamingWay project, detecting edge-case scenarios and critical bugs to enhance stability and user experience across the platform.

SKILLS

React, Next, React Native, Nodejs, Nestjs, Typescript, Javascript, UI (Tailwind, ShadCN, MUI, AntD), Git, Jira, Confluence, ADF

EDUCATION

BS (CS) from Allama Iqbal Open University, Islamabad - 3.62 CGPA

January 2017 - January 2021
